PURPOSE FIRST: FROM UNDECIDED TO DECIDED AND BEYOND

"Are you undecided on your major? Unsure of how your interests and skills align? Would you like some help and guidance as you think about this decision?" Studies show that students who select a major field of study based on their values, skills and interests are more likely to complete their degrees on time and with less debt; additionally, they are more likely to gain employment sooner after graduation. Please consider signing up to be a part of the Purpose First Pilot Program. Bears Lead, Inclusive Excellence and the Career Center advisors and staff will be involved in helping you down the pathway to degree completion and a purpose-driven career. Interested students will be contacted in the coming weeks with more information and about getting started in the program. After an initial meeting, there is a small monetary incentive when you commit. If you want to learn more, please click the link to express interest:
